(Greenville, SC) The Greenville Chamber is pleased to announce Rescom Construction as its July 2011 Small Business of the Month award winner.

Rescom Construction is Greenville's leading specialty contractor for commercial renovations and tenant upfits. Rescom was founded by Tim Justice and Joe McLaughlin in 1989. Their relationship began as business associates at US Shelter Corporation and took shape as tax law changes began taking their toll on this once rock solid real estate company in the mid to late 80's. With Joe's degrees and experience in Construction Science and Architecture and Tim's degree and experience in accounting it seemed to be the perfect formula for a business endeavor. With a little cash and a freshly crafted business plan they ventured out on their own in May of 1989.

Although they started building custom homes, they discovered an underserved niche in the commercial tenant upfit business and made it their primary focus in 1995. Today, Rescom completes more than 100 projects annually, with a staff of roughly 20 highly skilled, well-trained professionals. Their current and former customer list consists of names like Fluor, GE, TD Bank, Hubbell Lighting, Smith Barney, PriceWaterhouse and many other local and national businesses.

Rescom was recognized by the South Carolina Chamber of Commerce in 2007 as the sixth Fastest Growing Company in the state. Dedicated to community, in addition to the Greenville Chamber, Rescom Construction supports the United Way, Habitat for Humanity, Junior Achievement, and the American Red Cross. Joe and Tim are pleased and honored to be the Greenville Chamber's Small Business of the Month. Learn more at [www.rescomconstruction.com](http://www.rescomconstruction.com).
