

WHAT IS AN AMBASSADOR?

WHO ARE AMBASSADORS?

The Greenville Chamber Ambassador program is an Investor outreach and engagement program designed to leverage active Investors to help accomplish the Chamber's mission. Ambassadors are exclusive volunteers who encourage Investor participation and actively support Chamber events and programs on behalf of the Chamber. Ambassadors generate excitement and enthusiasm through participation in ribbon cuttings, Chamber networking events and functions, and amplifying the Chamber's voice on social media.

HOW DOES IT WORK?

Ambassadors receive points for attending and volunteering at Chamber events, engaging on social media, and helping with Investor engagement. These points accumulate to give each Ambassador the opportunity to receive special recognition, attend larger Chamber events and elevate their networking skills!

HOW DO I GET INVOLVED?

Attend an Interest Meeting. Interest Meetings are held twice a year, at which point prospects are invited to complete an application to continue the process.
